

## CREDENTIAL EVALUATION APPLICATION FORM

Diploma holders / Organizations / Municipalities

### Why this form?

With this form you can apply for a credential evaluation. We see what your school or university diploma is worth. This is important if you want to find work or enrol in education in the Netherlands.

### For which diplomas can you request an evaluation?

We encourage you only to apply for a credential evaluation if you've been to school after primary school.

**Please note:** sometimes we cannot evaluate a diploma. You will then get from us a *Bericht geen waardering*.

### For which diplomas can you not request an evaluation?

For the following diplomas, you cannot request an evaluation:

- Training courses or degree courses that were shorter than 1000 hours. A school year is 1000 hours.
- Diplomas which you have received from a school that received no money from the government. For example, a private school.
- Dutch diplomas and/or certificates.

### What must you do?

For your application you must do the following:

- Complete the form, sign it and send it in.
- Enclose the diploma or document you want to have evaluated.
- Check at question 9 for the other documents you need to send.

**Please note:** Do not send original diplomas, lists of subjects and other documents. Make copies and send them along. The documents that you send us you will not get back.

### What does an evaluation cost?

A credential evaluation costs € 148,83 per application.

Do you want to do an urgent application? The costs are € 212,96 per application.

### How long does the evaluation take?

Have you sent all the documents we need, and did you pay for the application?

For a normal application, it then takes four working weeks before you receive the letter with the evaluation. For an urgent application, it then takes two working weeks before you receive the letter with the evaluation.

Did you not send in all necessary documents? Then it takes more time before you receive the evaluation.

If you sign this form, you give us permission to check the information. We may ask other people questions about you. These could be, for example, about the school or study you did. Or we can ask you to show us the original diplomas and other documents. We may also ask you to send additional documents, if necessary.
